CITY OF CHICAGO	\$23,400	
CHICAGO SUBURBS	\$20,020

The median annual salaries of all child care providers in this report are significantly below the median earnings of persons living and working in Cook County.<sup>1</sup> While individuals serving in administrative capacities in child care centers are most likely to receive wages above the county's median wage (between \$39,520 and \$48,003 for director/teachers and administrative directors), the majority of child care center teachers (\$36,483) and school-age workers (\$34,320) are earning well below the median wage for employed persons in their county, with child care center assistant teachers (\$32,240) and family child care providers and school-age assistants (\$31,200) earning the least. When it comes to insurance and pension benefits, about half of child care center staff members are provided partial or full coverage by their employer.

## CHILD CARE STAFF RECEIVING BENEFITS / 2023

The Illinois Department of Employment Security (IDES) reported median yearly wages for 2022 for four early care and education occupations (Educational Administrators of Preschools/Child Care Programs<sup>4</sup>, Kindergarten Teachers<sup>5</sup>, Preschool Teachers<sup>6</sup>, and Child Care Workers<sup>7</sup>) in Cook County.

Although the specific occupational definitions differed from IDES descriptions and the Illinois Salary & Staffing Survey descriptions, salaries were rather consistent with one another in that wages within IDES's preschool teacher and child care worker categories and the Illinois Salary & Staffing Survey child care staff categories were within the same range; however, it should be noted that the IDES's definition of child care worker includes a provider working in either a center or family child care home which is differentiated by the *Illinois Salary & Staffing Survey*.
